SUISUN CITY – Three demonstration food forest gardens can be toured Saturday during the Suisun City Demonstration Food Forest Tour sponsored by Sustainable Solano.

Hours are 10 a.m. to 1 p.m.

Guests can learn simple techniques that can be applied to your own yard to create a vibrant, food-producing ecosystem using water wisely. Food forest keepers will also answer questions.

Pick up an itinerary at El Bosquecito in Suisun City. The address will be given upon registration.

From 11 to 11:30 a.m., there will be a small-scale flood resiliency by Jonathan Gomez on how the El Bosquecito demo food forest garden was designed to handle both flood and drought during major weather events.

Carpooling is suggested. A \$10 donation is asked at check-in.

All tour attendees will sign a waiver.
